

Quality Policy

The Quality Policy of V&G Dynamic Machine LLC is to provide our customers with the highest possible quality and value in the manufacturing of precision machined parts.

We are committed to meeting or exceeding all customer, legal, and regulatory requirements and to continually improving the effectiveness of our processes. Our goal is to achieve On-Time Delivery, an excellent customer rejection rate, and a high level of customer satisfaction. To achieve this, we have created a Quality Management System that defines and controls our processes and provides a framework for improvement.

All V&G Dynamic Machine LLC employees are responsible for ensuring that their daily work activities focus on meeting or exceeding the requirements of our customers and providing excellent service.

This statement represents our commitment to quality.
